COMPILED BY MICHELE K. ESPOSITO

*This section is part 105 of a chronology begun in JPS 13, no. 3 (Spring 1984). Chronology dates reflect Eastern Standard Time (EST). As the quarter opens, **Israel's** siege of Gaza continues, with Israel barring all exports, all but limited humanitarian imports, and most cross-border transit by individuals (with very limited exceptions for extreme medical cases, VIPs, and international NGO workers). Violence in the West Bank is low and restrictions on Palestinian movement between major population centers have eased noticeably. Israeli-Palestinian peace talks are on hold as **Palestinian Authority (PA) Pres. Today in Gaza, 4 Palestinians are injured when a smuggling tunnel under the Rafah border collapses. In the West Bank, the **Israel Defense Forces (IDF)** conducts late-night arrest raids, house searches in and around Tubas, in Bayt Fajjar nr. Bethlehem, and in Qalandia refugee camp (r.c.) nr. Ramallah. Of note, **6 IDF soldiers** refuse orders to dismantle structures at an unauthorized settlement outpost; they are relieved of duty pending a court-martial hearing. (NYT 11/17; OCHA, WP 11/18; PCHR 11/19)

### 17 NOVEMBER

The **Israeli Interior Min.** approves construction of 900 new housing units in Gilo settlement in East Jerusalem, precipitating sharp criticism from the **White House** not only for the Gilo project but for “the continued pattern of evictions and demolitions of Palestinian homes” in Jerusalem; **UN Secy.-Gen. Ban Ki-moon** “deplores” the decision. In the West Bank, the

**IDF** conducts late-night arrest raids, house searches nr. Bethlehem, Hebron (evicting 1 Palestinian family from their home, occupying it as an observation post), Jericho, Nablus.
